Project Title: The Great British Bake Off

1. **Intro** - this should have a basic description of the show
2. **Background** - info about the show's development
3. **Format** - how the show is formatted, including info about judges and hosts
4. **Favorite Contestants** - A page with either fan favorites or winners of each season (i haven't decided which)
5. **Winning Bakes** - A page showing one of the best bakes from each season!
6. **Related Shows** - spin offs and similar reality shows

I think #s 1-3 will be on the same page, but 4-6 will be separate pages

Navigation will be at the top, and there are lots of images about contestants and what they have made to use on the site
